

Baxter

Baxter Pharmacy Services provides aseptically prepared sterile medications throughout Australia and New Zealand. Baxter Pharmacy Services has over 20 years experience with seven compounding centres located in the two countries and this service is backed by comprehensive stability and compatibility data produced by our R&D team.

Baxter Pharmacy Services offers you an extensive range of drugs including; Cytotoxic, Antibiotic and Anti-viral, Analgesic and Parenteral Nutrition Solutions.

Working with you, Baxter Pharmacy Services gives you a choice as to how we provide your aseptic products either as a comprehensive service or an effective backup in times of staff shortages or increased workloads.

Clean Room Garments (CRG), founded in 1970, is Australia's number one supplier of contamination control products, apparel and personal protective equipment (PPE).

CRG Healthcare is a division of Clean Room Garments Pty Ltd., focussing on the needs of the healthcare industry.

CRG operates two AS/NZS ISO 9001:2000 accredited Administration and Production facilities in Melbourne and Sydney, with representation in every Australian state and New Zealand. In-house NATA accredited laboratories in both facilities ensure the highest quality products and services are offered to meet all relevant industry standards.

CRG's success is founded on a commitment to add value through innovation and on our ability to adapt to customers' changing requirements. Flexibility and a company-wide dedication to providing the best possible customer service defines CRG as a company.
